It doesn't surprise me ONE BIT. He's been perma-banned from Old Blue for more than 15 years, yet posted there constantly by sneaking in using proxies and phony names.

On R&E, he is now banned for a year and a half because he not only violated his earlier ban, but stole jb's nick to post. He simply doesn't care. He's "too special" to have to follow rules that others have to follow.

I don't know Scott. What I wrote was an introduction.

How do you introduce yourself? You say your name and tell a little bit about what you do, or are. That opens the door for the other person to respond and tell you some things about him. Now you have a dialogue.

You find what you have in common. Then you have something upon which you can build. As you progress, you may find differences. The moment he puts you down for yours, or you put him down for his, a wall goes up, and it should. If you're smart, you never put him down for his differences, unless he breached that trust so badly, and so often, there is no other way. My one and only public shot to Mondo said so, in bold, direct, and complete terms. Then I walked away never to return. Follow me he did. Heart set on criminal revenge.

Only a selfish egotist would deliberately mistake an introduction as reason and opportunity to brag on one's self.

Every post he writes adds to the collection of evidence to prove criminal allegation.

It is like you could reach into his chest, grab and pull out his beating heart, hold it there in your hand, beating in front of his eyes, and he would still deny it and if possible, commit the crime that led to his cardiac evisceration again. What kind of stupid is that?

As for Yome and et. Both proselytized ad nauseum, and when asked to stop, or at least not overwhelm the board, they flooded the board, spamming it not just with unwanted proselytization, but very specific proselytization with intent to condemn people without provocation or cause. When asked to stop, they put up more. When told to stop, that was followed by ten and ten again more.

If Yome spammed mondo's board that way, what would he do?

Test of that question would yield a truth just like that above.

I am glad they have each other. If you ask me, that's karma.

Don't pay the clown any mind. He's petty and so NOT WORTH the bother. All he manages to do is dig his own hole deeper. Mongo obviously isn't smart enough to know when to put the shovel down. That will be his downfall.

As for your introduction, you were fine. You are one of the FEW there who'd never met Scott, didn't know anything much about him, and so needed to add more than everyone else.

For the record, Scott is an ER RN in an Oregon hospital. He's originally from Rochester, NY and moved about, settling in CA for a time. Now in Oregon. Obviously, deeply religious.

Scott and I have a checkered past with ups and downs. I honestly don't remember what our differences were about because I don't normally hold grudges, especially about petty stuff. That's one of the reasons that folks get way too many chances from me.

Some, who've burned me enough times, have no more chances left. Scott would not be one of them.

yome is nothing more than a passive aggressive TROLL. He pretends to be a true believer, but carries his hidden shank everywhere he goes, stabbing folks at will but then pretending he's kidding or he tosses out some religious BS trying to change the subject. yome was one who flooded the board with his proselytization and doing his damndest to piss us off until we deleted him on sight.

If memory serves me, it wasn't et. et was just a jokester who'd post oddball things, relentlessly, but not anywhere near yome's. He was mostly harmless, but annoying like a pesky horsefly when he'd get on a roll.

Try not to let any of the crap upset you. It's not worth the bother.

Yome is a 'he?' I'm a bit surprised...I didn't know, and for some reason had assumed him to be a her. Seemed kind of like an older woman or something.

He's an oddball...mostly Christian stuff, occasional attacks on you and others who criticize Mongo, whom he seems to be fond of, for some reason. I've been annoyed by but made peace with him a couple of times, wondered what his game was.

Pesky at worst...and nowhere NEAR as pesky as Bauer, the King of Pests.

Yes, yome is a he. His brother was et. et died a few years ago. Heart attack. Yome posted et's obituary online, revealing his own name in the process.

yome uses an identical proxy to mongo's, which is quite disturbing. If you check out the 3 links to the abuse database that are in my post to him on R&E

<https://mb.boardhost.com/ReligionAndEthics/msg/1566009536.html>

you'll see that yome and mongo both used identical IPs in the abuse database. I wasn't sure what to make of that. But, his avid devotion to mongo makes me wonder... BIG TIME. Or maybe yome is actually a vicious troll in disguise TOO ??

Mongo is going NUTS over there now...he's banned Merlin (oh, sorry, given him a 'week-long time out' -the same thing he said he was doing to me, the liar) for 'pimping' the other boards, supposedly.

Mondo Fuego™

Merlin is in Time-Out for 1 week for pimping for whores.

Mon Aug 19, 2019 1:46am68.114.132.44

Sorry, dude, but when you start recruiting our folks to serve as minions for your dominatrices on the blew and yaller squalor sh*t boards, I will put a stop to it.

I have had enough of your incessant anti-Trump sh*t, but you have pushed it to the limit.

You are in time-out for 1 week.

If you don't come back after that, I really don't give a flying f**k. You can take Trish with you too.

Getting rid of you, greenpus and faggyuru would be a blessing.

There's another thread below that where he decided to ban Merlin which is even nastier, and I won't bother quoting.

Funny that even some of his pets like Ted and Eleanor have asked him to reinstate me, not that I'd ever post there again as a regular. But I think they see the Caligula he's turning into...just openly admitting that he won't tolerate dissent

anymore. I'd guess that has a lot to do with people like Merlin, Trish, myself and a couple others actually bringing some diverse opinions to his little echo chamber - and openly mocking his nasty posts.

Sad, as his idol would say... 😊

ROFLMAO... Well that explains Merlin's post on MESSAGE BLUE today about "things working out better than expected"...

Truly PATHETIC. He's OBVIOUSLY scared of losing his "customer base" and somehow values the likes of Dee Dee, GOG, and others without a brain to tolerating dissent. That must be why he seems to think that's what WE do. We've never banished anyone who didn't beg for it with their behavior.

I hear that Teddikins seems to think he got posts deleted for disagreement ... ?? I don't recall him being booted by any mods or targeted for post removals ?? I suspect that he was stupid enough to post responses to nasty trolls whose posts were deleted and his went out with them ??? He was always obnoxious with his "Tedlish talk", but I don't recall him being a troublemaker, just a fanatical BRAGGART.

Dee Dee lies about why she and Curmy were booted. She's a flat out LIAR who posted something nasty about Catholics and then tried to blame HER POST on me editing it. NEVER HAPPENED and I proved it because the IP gets replaced with the editor if anyone edits on Webapps and her OWN IP was still attached to it. THAT'S why she was booted. She not only LIED her butt off, but then tried to smear mods as changing posts, which caused posters to think that was even possible without leaving behind proof that it happened and that they might be accused of things that they didn't post. But it's NOT POSSIBLE.

Curmy later did the SAME DAMNED THING.

Eleanor is a fraud. She has the IDENTICAL IP to both Gandalf and the vicious troll JUAN who posted endless vulgarities all over the board. Now, with registration, posters CANNOT alter their log in names, so can't troll under false monikers. They can do that to their heart's content on R&E because there is no registration. If Ken is good with that, well, that's up to him. But we won't allow it because it promotes NASTY TROLLS.

and here's the PROOF of Eleanor's DECEPTION

<https://mb.boardhost.com/CivilizedDiscussion/msc>

The abuse database

<http://disc.yourwebapps.com/abuse.cgi?discappid=&author=&email=&ip=184.78.140.&sub>

[discappid=&author=&email=&ip=184.78.140.&sub](#)
[discappid=&author=&email=&ip=184.78.140.&sub](#)

Ted & Eleanor just want you back as a TARGET. But hey, if that's fun for all of you, that's all fine and good. mongo probably won't allow it though since he's SO THREATENED.

It's TOO FUNNY that he banned Merlin for inviting others to other boards to post. What, does he think they won't come back ?? Yeah, probably. LOL

I'm sure he's afraid of just that. No surprise GOG has settled in there, he's gotten good at kissing Mongo's butt. Even some other posters have commented on it. True Grit (not sure who that is)

has become the current critic, although Mondo has threatened him with expulsion, too - after he called out Mongo for claiming that he 'never banned anyone' and believed in 'free speech,' ironically.

He's been very upset that Scott has been posting on the R & E Board as well, so yeah...he's afraid of losing suckers...er, posters...from his nasty little board.

True Grit ?? Just guessing that it's HH ?? No clue, however.

Can't imagine why Scott posting on R&E upsets him ?? It's a place that totally fits Scott. It's HIGHLY doubtful that he'll join Blue, even though he's been invited, simply because it's not really his "cuppa", or never was, but who knows ??

Mongo won't have anyone left if he keeps up with banning folks. Amusing that he seems to think that he CAN banish everyone and they CAN'T return. Of course they can. He has only ONE ban slot, same as all WEBAPPS that are on the free service. Unlike Boardhost where it's unlimited. He knows that because that's what he did to old Blue.

I don't think that he recognizes that, without ~~targets~~ LWers, his RWers won't have any fun there, nor will he. He'll burn through all of the proxy IPs eventually and won't get on R&E

anymore either.

So Mondo provides a daily play by play for what happens at Ken's and here.

Anyone can visit Ken's and here, and see the difference. That has to cost Mondo credibility, even within his loyal base.

That would be unfortunate, except for consideration of the source.

Instead, its karma.

Doubtful that too many go look, but perhaps some do. If so, they'd discover how much he leaves out and find context for comments misrepresented.

Most likely, no one REALLY cares aside of GOG, and he uses his iPhone for posting, so probably doesn't go check. Too much bother.

Most everyone there already knows what mongo does elsewhere since this is hardly something new. That's why so few bother to comment.

More obsessive Mongo posting...he has GOG doing it too. At least he says one honest thing in this post, and it's the first three words of his subject line:

Mondo Fuego™

This is insane ... Blew Bode Psychopaths ... 12 pages

Tue Aug 20, 2019 4:30pm68.114.132.44

The psychopaths at the blew board have posted 12 full pages consisting of 310 posts of lies and slander against me. The main culprits are Sia and Pikes, with contributions from Poppet, greenman and trish.

This is off the charts. These nutjobs are greatly in need of psychiatric evaluation and possible lockup from the general population ... wait! ... that's what SchizoSia has already done with her board and posters.

These 5 pathetic misfits have recently been joined by our resident girleyman turncoat, Merlin, and there are sporadic appearances by UruDeus.

There is also a "Philopoposee" Section that is supposedly monitored and populated with wisdom by Poppet ... funny thing, it is virtually empty. I guess Flopsee ain't in great demand no mo. Nobody there would understand that disguised-in-Latin mumbo-jumbo anyway.

Oh, and she is the sockpuppet "apriori" on the yallor squalor bode. She has used more sockpuppet names over the years than anyone, including UruDeus and ol' Pokey combined.

Just take a look at the 4 "unmoderated" sections. It is effin' crazy. Spooky too.

His renaming people with intent to disparage and be clever speaks volumes.

If he didn't come over here, read everything with intent to use for harm, cut, paste, post and comment on his board, very little or none of this content he measures by pages and posts would exist, or need to exist, and neither would this thread. There are no lies or slander here. These are responses to his posts, and proof is in the very words he wrote. The only reason he doesn't post that disruption here is because he can't. That ability was stripped from him like a rattle from the hand of any toddler who attempted to use it for a weapon. He can't post it on R&E anymore either. All he can do is take it back to his nest and post it there.

He and his followers remark about this being a closed board. It's not to control conservative argument. It is to keep destructive trolls like him and his, out. Free speech comes with responsibility, and they clearly are irresponsible with it. Their disparagement is protected free speech too, and they have a right to express it, even in the most vulgar and crass terms possible But when they divulge private, personal, real life information about someone with intent to damage and cause harm, that is not free speech protected by the US Constitution. We can't allow that. Prevention of posters habitually guilty of doing that, confirmed by evidence we

have and retained as documented evidence, is necessary. If they feel that crimps their rights, or rights of others, tough.

It's actually ALMOST amusing. That he even CARES is what's so funny about it all. He cannot resist reading every word we say.

But, running back to post it and offer a link to come see it, all outraged as he does it, while COMPLAINING about "someone posting stuff from his board" is beyond absurd. He's DOING exactly what he's whining about us doing, not realizing that HE is the catalyst for ALL of it.

If he wasn't SO WILLING to run back with poison pills to share on his board, we'd just go back to yawning about his nonsense. BUT HE MAKES IT FUN to play along, knowing that he CANNOT RESIST.
